

COMPANY PROFILE EMPLOYERS FOR CHRIST

Impact the individual - Impact the workplace - Impact the family - Impact the community

WHO WE ARE

Employers for Christ is a non-profit organisation serving employers globally, using Biblical principles to enable and equip them and their employees as disciples for sustainable family and community impact.

OUR VISION

Serving employers globally to point them and their employees, their families and communities to Jesus.

OUR FOCUS

Training, evangelism and discipleship of employers and employees to enable them to impact their families and ultimately the community, by touching the lives of the poor and needy for the Glory of God.

OUR STORY

EFC Pretoria was established in 2007 during a student accommodation development project at the University of Pretoria. A Pastor from Moreleta Park Church ministered to all the employers and employees at the building site on a weekly basis. Approximately 1000 employees were part of these sessions and most of them accepted Jesus as Saviour before the completion of the project two years later. After the completion of the project it was realised that there was indeed a tremendous need for a workplace ministry due to the fact that employers and employees spend so much time at their workplaces.

EFC came into being as a workplace ministry answering the need of thousands of employees looking not only for job satisfaction and good relationships amongst employers and employees but also for assistance on how to deal with the numerous pressures from their work life, family life, community life and spiritual life.

OUR MANAGEMENT TEAM AND STRUCTURE

EFC is managed by 3 Directors i.e. Marius Fourie, André Wiese and Michael Burger. Two of the Directors are also responsible for the day-to-day activities of the different branches of the company. Marius Fourie is responsible for Pretoria, Potchefstroom, Rustenburg and Johannesburg and André Wiese for the Bloemfontein, Thaba Nchu, Botshabelo and Kuruman branches. Michael Burger acts as vision bearer of the company and

provides valuable guidance on management issues. The company employs 11 full-time Spiritual Workers responsible for the training and ministry at all our clients.

A PICTURE OF OUR REACH AND IMPACT

OUR BROAD RANGE OF SERVICES

Ministry and training

Ministry and training offers our clients the opportunity to receive valuable information from our well trained workers. These sessions take only 30 minutes per week and are presented at our client's company or site on a day and time best suited to our client. The extensive and relevant list of training subjects focusses on challenges from life at work, life in the family, life in the community and the individual's spiritual life. All subjects can be presented in English and African languages and are thoroughly discussed during the second week to ensure consolidation.

Counselling

Counselling offers our clients the opportunity to be counselled by our well trained workers and is focussed on those individuals who have to deal with personal issues which cannot be discussed in a group. These issues normally have a major impact on the individual and may include financial- or marital problems. The counselling sessions can be presented at the client's company or site or when applicable, at our branch office on a day and time best suited to our client.

Brothers in Business

Brothers in Business offers our clients an opportunity to meet on a regular basis to share with each other and to be encouraged. Many times business owners and employers have difficult challenges and no answers to those challenges. They also do not always have someone they can talk to that can understand and relate with them, so it can be a lonely road at times.

Prophetic Discovery

Prophetic Discovery offers our clients the opportunity to go through a process of receiving a prophetic word and understanding how to use it. God wants to communicate with people, not just through what was written in scripture but in many other ways; like prophecy. The type of prophecy referred to is when a message from God is relayed by one person to another to encourage them, strengthen and give direction.

WeBenefit

We Benefit offers our clients the opportunity to buy a vast range of products, for both personal and company use, at very reasonable prices. The concept then further offers our clients to do good but not pay more by nominating Employers for Christ as beneficiary. Relevant and extremely useful products are added in the concept on a regular basis and our clients are guided through the whole process by a well-trained individual.

Call42 Network

The Call42 Network offers our clients the opportunity to have access to many other training programmes provided by the organizations that we partner with in the network. Some of these partners include The Crossover Transformation Group, Unashamedly Ethical, Jedidiah, WorXinu and the Halftime Institute.
